

# New Release **SEA CHASE**™

ECPC Cartridge™ for use with Atari®, Commodore and Texas Instruments computers.

Submerge yourself in this fast action game of submarine survival and treasure hunting. You as commander of your very own yellow submarine must locate and capture the ten missing treasures while avoiding the deadly sea mines. A keen sense of logic and a love for keeping your head above water a must!

Available now for Atari 400, 800 and 1200 computers.
